

## Guess the Photo!

These photos were shot with a macro lens.

Can you guess what these items are?

Hint: they can be used to make art!

Send an email to Ms. Marissa at [steamsea1332@gmail.com](mailto:steamsea1332@gmail.com) with your answers.

## What is Macro Photography?

It is extreme close-up photography. Photographers use a special macro lens to take photos of very small things like bugs, a raindrop on a leaf or pollen on a flower.
